Interview of a Classmate

If you haven't already, fill out the Intake Form on A: 147b

Students will find a partner, sit together, and spend almost 20 minutes interviewing to fill out full SOAP notes on page A: 146. This page is from the 30a Review Questions and is worth 8 pts. Remember to put it right back into your packet when done today.

Use the approved abbreviations on F: 61

Ask appropriate questions based on their intake form. Call the instructor over if you get stuck on what to ask!

The Instructor will announce when to switch partners. So keep gathering information until time is up!

Transition and Set up

A demo table will be set up in the center surrounded by either desks or massage tables. Every student will be given a clipboard.

Students will use A: 144 from 30a Review Questions, worth 8 pts, to grade the Instructor as they massage the assistant for 60 minutes. Remember to put this back into your packet. The 'Student' is your instructor. You are the 'Instructor' in this scenario.

A: 145 Explains what to expect during the 23b Practical Exam

The Instructor is going to purposely make mistakes so that you will have points to deduct!

When ready the Instructor will spend 5 minutes interviewing the assistant and then 58-60 minutes massaging.

Grading of the Instructor

Once everyone has finished calculating their final grade, going around the circle, every student will say what grade they gave the instructor and 1-2 things they noticed. Don't get too detailed, there are more students who need to comment.

This activity will help students understand many things about grading such as how people see things differently, how a particular score is assigned to a particular performance, and clarification about exactly what is expected of them during the 23b: Swedish Practical Exam.

Remember to put every page back into your packet! If you notice one is missing, let them know ASAP before the Review Questions are due!

How did your Instructor do?
