Learning Outcomes

- **Program Level:**
 - Begin to find some ease with the mountain of pathologies to be encountered
 - Understand enough of the vocabulary and mechanisms of pathology so that when a client has a pathology you will be able to know if there are any contraindications and modifications OR you will be able to look it up in the pathology book and the book will make sense because you have a basic understanding of human anatomy, physiology, and pathology.
- **Course Level:** Relate to pathologies by breaking down the names, and sharing experience with those who have encountered them personally.
